

HACETTEPE
UNIVERSITY

Dreamit AND
MAKE IT HAPPEN

what it's like to be at **HACETTEPE**

Being part of Hacettepe means putting people first. It's about working for the good of society, humanity, and the planet. That's why our motto, "To the leading edge... Toward being the best..." isn't just words—it's how we live.

Being at Hacettepe means always looking ahead with hope, spreading that hope to others, and doing your part to move humanity forward. It's about seeing the world from different angles—or even creating a whole new one—and standing out. Hacettepe people dream bigger and think wider.

It's not just a feeling, it's a mindset. Whether you stick to your field or branch out into new ones, you've got what it takes to achieve great things. People from Hacettepe are leaders in their careers and role models in society.

That's why we say;

Being at Hacettepe is a privilege...

A top research university
where you'll grow into a skilled, confident leader.

WELCOME to HACETTEPE

Hacettepe is a research university. Since day one, it's aimed to shape students into well-rounded leaders through a mix of hands-on research and a multidisciplinary education model. Here, you don't just learn—you evolve, thanks to the experiences and opportunities all around you.

We want you to get to know Hacettepe as you make this huge decision that'll shape your future.

We're proud to be one of Türkiye's top universities—and we're making waves globally, too.

Hacettepe's campuses won't just be where you study; they'll be your second home. You'll eat, sleep, live, and grow here. You'll step into adulthood, make unforgettable memories, and form lifelong friendships. Soon enough, you won't be able to picture yourself anywhere else.

A group of four diverse young adults (three women and one man) are standing outdoors in front of a dense line of green trees. They are all smiling and looking towards the camera. The woman on the far left has curly blonde hair and is wearing a black t-shirt with a Star Wars Yoda graphic. The man next to her has a beard and is wearing sunglasses and a dark t-shirt. The woman next to him has dark curly hair and is wearing sunglasses and a white t-shirt. The woman on the far right has long brown hair and is wearing sunglasses and a white t-shirt.

**We're inviting you to join Hacettepe
- a place where you'll truly feel privileged.**

what kind of university is HACETTEPE?

Hacettepe was founded under a special law, and it's built differently than most other universities. It's a trailblazer—especially in medicine and health sciences—and known for its unique multidisciplinary approach.

With two main campuses in Sıhhiye and Beytepe, plus the State Conservatory, the country's first university symphony orchestra, technopark, and job-ready vocational schools, Hacettepe has a setup you won't find anywhere else.

Where else can you study everything from medicine to engineering, from science and tech to social sciences, the arts, education, languages, sports, and more—all in one place?

Collaboration is in Our DNA

Hacettepe was ahead of its time. Over 55 years ago, it embraced interdisciplinary collaboration—something that's now a global trend in science.

RESEARCH AT THE CORE

Hacettepe was officially named a Research University by Türkiye's Council of Higher Education (YÖK) on September 26, 2017. For 55 years, it's contributed original work to Turkish and global science. Our thousands of proud alumni have helped put Türkiye on the map in science, society, and beyond.

Research Begins in Undergraduate Education

Research isn't just for grad students or professionals—Hacettepe gets you involved as early as undergrad. Students team up on all kinds of national and international research projects, from social issues to tech and history.

With top-notch libraries, labs, data tools, and research centers, we give students and researchers the space to thrive—and all that knowledge is passed on to the community.

4,800+ Researchers
800+ Active Research Projects

A GLOBAL

Multilingual Learning

At Hacettepe, you'll find programs taught fully in Turkish, English, German, or French. Some departments offer a mix—like 30% in English.

URAP:

Türkiye's Best University

According to URAP, which ranks universities by academic performance, Hacettepe tops the list in Türkiye. We're the only Turkish university in the global top 500.

International Rankings

We keep climbing the QS World Rankings expanding to new subject areas every year. Our standing in the Times Higher Education (THE) Impact Rankings, despite the increasing competition, is also improving steadily.

Hacettepe is a great place to be a student where you'll be surrounded by diversity.

You'll meet people from different fields —whether you're walking around campus, hanging out in the dorms, grabbing a meal, relaxing, or playing sports.

WHAT MAKES HACETTEPE UNIQUE?

A hiker with long hair, wearing a grey bucket hat, a light pink jacket, and dark pants, is walking through a forest. They are carrying a large blue backpack and using two black trekking poles. The forest has many thin trees and a path covered in pine needles.

Work Hard, Play Hard

Sure, classes can be intense. But if you manage your time right, there's a ton of stuff to do outside academics. We believe education should be more than just study— it should be a full experience with social, cultural, and athletic activities too.

Get Involved

You can join choirs, clubs, and workshops in painting, photography, crafts, folk and classical dances, and music. These groups often take part in national and international festivals, shows, and exhibitions.

STUDENT CLUBS

There's One for You..

Hacettepe has 156 student clubs—bringing life, color, and variety to campus. Whether you're into science, sports, art, culture, or anything in between, there's something for everyone.

Make Hacettepe Proud

From drone teams to dance groups, archery to American football, our student clubs often represent Hacettepe—and even bring home global titles.

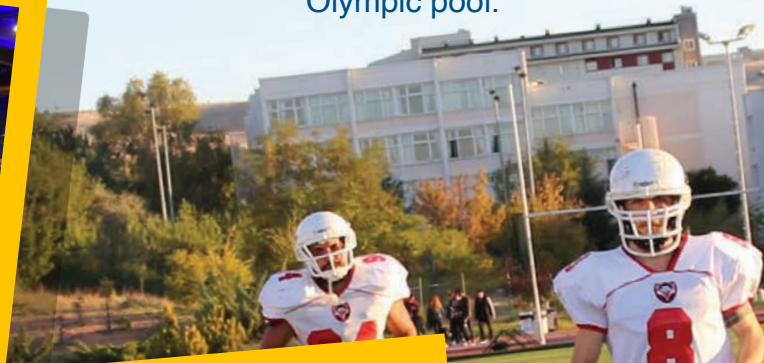

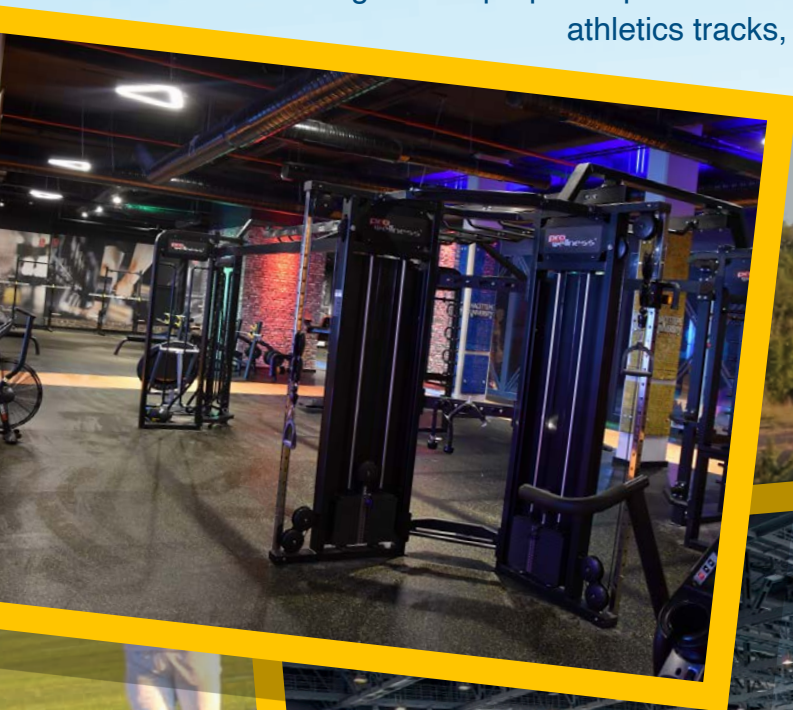

Expelliarmus!!!

Join the Quidditch Society! Yep, the wizard sport from Harry Potter is a thing here (minus the flying part). Grab your sneakers—brooms and balls are ready. All that's missing is you.

A Must Have at Hacettepe

No matter your interest or level, Hacettepe encourages students to stay active. We've got multi-purpose sports halls on both campuses, tennis courts, athletics tracks, volleyball and basketball courts, a football field, and a full-size Olympic pool.

SPORTS

GO RED DEERS!

Hacettepe Red Deers, Türkiye's second American football team, is also the most successful. You have to be a Hacettepe student to play for this legendary team—which has won the pro league twice, set scoring records, and finished an entire season without giving up a single point.

Where Science, Art & Culture Meet

With its State Conservatory and Symphony Orchestra, Hacettepe brings together the best of science, nature, art, and sports. Both campuses are full of creative and cultural energy.

Explore museums, artifacts, and art collections all over campus. From ancient bones and rock samples to modern art, you'll find works by top artists like Burhan Doğançay and Jale Yılmabaşar.

Campus or Museum? Why Not Both?

Sihhiye Campus, you'll stumble upon an archaeology museum with real artifacts dug up from historical excavations. And over at Beytepe? Thanks to the Stone Sculpture Symposium, you're surrounded by incredible artwork from all over the world. These pieces are out in the open—lining the paths, tucked into quiet corners, or waiting along your walk to class. Basically, it's an open-air museum disguised as a campus.

Collection Rich Art & Science Museums

Hacettepe is more than just classrooms and labs — it's got serious cultural treasures too. In the Faculties of Pharmacy and Science, you'll find herbariums with internationally recognized plant specimens, the historic Turkish Pharmacy Museum, and even the Zoology and Anthropology Labs that double as museums. It's not your average campus—it's like walking through a hidden museum every day.

Culture and Congress Centers

Our centers in Sihhiye and Beytepe host tons of events—conferences, exhibitions, concerts, recitals, talks, and scientific gatherings—every year.
